

Treasury Department,

Bureau of the Mint,

Washington, D. C., October 21, 1899

rockers-Wheeler Company,

39 and 41 Cortland Street ,

New York City.

gentlemen:

I am in receipt of a statement from you, for merchandise
the amount of \$19.00 . There is no record in this Bureau of
purchase made from your company.

Dr. Whitehead under directions from my-self gave an order
to Mr. Hess, of this city, for a starting box, to be used in the
aboratory of the Bureau of the Mint. I believe this box was made
by your firm. When placed in position, it proved an utter failure.
The armature of the motor was burned out, and he was requested to
remove it. This accident necessitated the purchase of a new motor.

If your company should be paid, for the manufacture of this
box, I suggest that you endeavor to make collection from Mr. Hess
as this Bureau is in no way responsible for his debts.

This is the second letter that has been written from your

company on this subject.

I will thank you to discontinue sending these statements to
his Bureau.

Respectfully,

Grover Cleveland

Director of the Mint.

Gentlemen:

I am in receipt of a statement from you, for merchandise to the amount of \$19.00 . There is no record in this Bureau of any purchase made from your company.

Dr. Whitehead under directions from myself gave an order to Mr. Hess, of this city, for a starting box, to be used in the laboratory of the Bureau of the Mint. I believe this box was made by your firm. When placed in position, it proved an utter failure. The armature of the motor was burned out, and he was requested to remove it. This accident necessitated the purchase of a new motor.

If your company should be paid, for the manufacture of this box, I suggest that you endeavor to make collection from Mr. Hess as this Bureau is in no way responsible for his debts.

This is the second letter that has been written from your company on this subject.

I will thank you to discontinue sending these statements to this Bureau.

Respectfully,
Geo. E. Roberts
Director of the Mint.
